January Session

Leadership Sioux Center was excited to hear more about County and City Government during last month's session. We spent time learning about the many valuable ways our county serves us. We toured the Sioux County Jail, the Courthouse and learned from many county employees. We also toured the Sioux County Regional Airport and had an opportunity to visit with some of our city leaders and elected officials. Thank you for all who partner with us to make each session a valuable learning opportunity for our participants!
