March Session

Last month's Leadership Sioux Center session was filled with SO MUCH great stuff! In the morning, groups presented their outcomes of their group project. We spent the rest of the day learning about the many different industries that serve our community so well! From retail, to restaurants, to manufacturing, to our local brewery. Thank you to all who partner with this program and are willing to share their story. It is so valuable for our participants!

Please join us for an evening celebrating Sioux Center!

SERVANT LEADERSHIP IN 2024

Leading with Purpose

We will explore what Servant Leadership looks like in today's organizations. Servant leaders understand that they are the most impactful and effective when they serve their people by supporting, listening, encouraging, and maximizing the unique potential of each individual.

Hy-Vee Pharmacy has been busy making updates over the last several months.

We now offer delivery services to several towns in the area, including Sioux Center, Orange City, Alton, Maurice, Newkirk, Ireton, Hawarden, Hull, Rock Valley and Doon. This delivery service is dropped off right at your front door or business. Someone has to be available to sign for the delivery when dropped off, but it is entirely free! This has been a huge asset to many of our patients and we look forward to continuing to grow this service as more people hear about it.

The next big update is our new FlavorRX machine. We have a machine that can add several flavors including grape, bubble

gum, apple, mango, and more to all oral suspensions. This is also a free service we offer for kiddos who need antibiotics or other oral suspensions. The kids are loving all the fun flavors and the parents are loving how much easier it has been to get their kiddos to take their medicine!

Our last big update is on April 1st we will be starting our Bubble Pack service back up! This has been something that has been deeply missed by our customers, and we are so excited to have the team to start this back up again. This will also be a free service offered to our customers and will allow them to not have to worry about what time they need to take certain medications. We will do the hard part for them!

We are so grateful to all our loyal customers who stood by us through these many changes and have been patient while we grew our team. We also would love the opportunity to serve any patients who don't currently get their medications filled with us. As a thank you, we are offering a \$1 fuel saver, per medication transferred to us from another pharmacy now through April 30th. We will do all the work of getting your medication sent to Hy-Vee you just need to give us a call today at (712) 722-3516.

Thank you for your support at our Pharmacy; and shopping at Hy-Vee.

about

HINSCH HEALTH + WELLNESS

Hinsch Health & Wellness, PLLC is a small practice that started this past year and is now accepting patients for telemedicine and in-person/in-home appointments for those in need of a clinician who is willing to bring the office to the patient. We offer concierge services at a regular service rate and can be available to patients any time. We partner with patients that have a preferred primary care provider in the area or are looking for a new one to help serve their needs. We are a small practice that wishes to create access to patients who find it challenging to get to a provider during those hard days; for our hard working farmer that has to bring the crop in and needs to be seen and can not get into the clinic, to our nervous mom with a newborn that wishes to be in a more intimate location for a wellness check or sick call from home. Our hope is to bring the small town feeling back to the home without rushing the patient out the door. We also accept insurance and cash pay for services. We see all ages of patients in primary care. We hold 20 years of devoted healthcare experience and are veteran-owned, we love helping our vets access VA care services.
